IRMRA established in 1958, to provide scientific & technological support by way of Testing, Training, Consultancy, Research & Product development services to the Rubber and Allied industries, functioning under the administrative control of Dept. for Promotion of Industry & Internal Trade (DPIIT). With the onset of the 65th year of inception, IRMRA's 24th Rubber Conference" and Expo is announced on 22nd & 23rd September 2023 at Chennai .

The objective of the conference and expo is to bring in the classic innovations in sustainability and circular economy and the alignment of the theme to the trending technology from various sectors. The event provides a unique platform to cover the complete spectrum of the industries involved at every stage of product lifecycle. Raw material manufacturers, product manufacturers, machinery manufacturers, testing equipment manufacturers and the end users like the automotive OEMs, Component manufacturers, Defence sector etc.

More than 30 technical oral and poster presentations are planned with speakers from India and abroad to deepen the knowledge of the delegates and provide complete exposure to the emerging trends and development currently taking place in different technology areas aligned to sustainability and circular economy.

An innovation pavilion will be the special attraction to showcase the cutting edge technology from industry and academia with primary focus on start ups and small scale industries.

IRMRA's 24th RUBBER CONFERENCE

SCIENTIFIC & TECHNICAL SESSION

- Sustainable developments in Rubber and Allied Industry
- Importance of Circular economy in rubber industry
- Advances in Rubber and Rubber Chemicals
- Nano - Materials and Nanocomposites
- Bio - Materials and BioComposites
- Advances in Additives
- Advances in Testing and Characterization
- Virtual Testing, Modelling and Simulation
- Advances in Tyre Technology
- Global Regulations - Present and Future Trends
- Life Cycle Analysis and End of Life Rubber
- Products - Waste management

SCIENTIFIC PAPER/ ABSTRACTS (CALL FOR PAPERS/POSTER)

IRMRA encourages research work & calls for technical paper presentation. Authors presenting papers at the conference are requested to take note of the following.

- Papers should be based on original & innovative work on the above mentioned subjects.
- A copy of abstract paper (about 300 words) must be submitted in typed (Double space) sent by mail to IRMRA on or before 31st June 2023.
- The full text of the papers, including diagrams/ photographs etc. must be submitted to IRMRA not more than 12 pages in A4 size pages along with soft copy through emails on or before 31st July 2023.
